OFFICE OF THE OMBUDS MISSION

To Promote a College community environment where all students may address and resolve concerns or issues in a manner that is consistent with the Office of the Ombuds’ mandate of impartiality, independence, and confidentiality.
Fanshawe College is exemplary in providing excellent educational programming and an exceptional student experience in the teaching, learning and student life environments. Similar to Colleges across Ontario who are multidisciplinary educational organizations involving thousands of students, faculty, staff and administrators with diverse backgrounds and perspectives, the laws of human nature will prevail and misunderstanding and policy interpretations may lead to concerns, conflict or disputes that may require resolution.

In 2018, the Provincial Ombudsman, Paul Dube recommended to the Legislative Assembly that all Ontario Colleges and Universities seek to establish an Ombuds Office to promote resolution at the Organization level. Fanshawe College was a pioneer establishing the Office of the Ombuds in 1993. Today, the Office provides confidential, impartial support, guidance, and consultation for students and all members of the College community with the goal of dispute resolution as part of our Quality Assurance Process (CQAAP 2018 Report). While adhering to the principles of Independence, Impartiality and Confidentiality, the Office operates in the interest of fairness for all.

Aligned with the College Vision and Mission, The Office of the Ombuds seeks to promote student success and retention by collaborating with academic units and student service departments to encourage informal dispute resolutions and student progression while upholding the integrity of the curriculum offered at Fanshawe College. The Ombuds Office may also provide recommendations for systemic change with the goal to achieve fair and equitable practices reflected in College policies and procedures. The Ombuds reports to the College President and is funded by the College and the Fanshawe Student Union.

During the 2018-19 academic year, 460 students contacted the Office of the Ombuds to seek resolution for a variety of concerns primarily related to participation or progression in their academic program, conflict resulting from interactions with their academic area, a service department or fellow students, or to discuss the options for an academic Appeal. Inquiries and referrals were also received from Alumni, family members of students, and the community at large.

Collaborative consultations to determine fair remedies to complex situations, resulted in the majority of cases being resolved informally without need for a formal Appeal; ultimately reducing the amount of time, resources and the emotional impact that can accompany the Appeal process for students, faculty, staff and Administrators.

The following report highlights a summary of the Office of the Ombuds activities, statistical information, recommendations to the College community and initiatives underway. This report is based on the analysis of data from September 1, 2018 - August 31, 2019.
The Office of the Ombuds would not be possible without the support of both Fanshawe College and the Fanshawe Student Union (FSU) community. I would like to extend my sincere appreciation to both the College and FSU Presidents, the Senior VP Academic, the VP Student Services, the Ombuds Advisory Committee and members of College Council for their leadership, support and guidance. Your dedication to ensure continuous quality improvements in the teaching, learning and student life environments is commendable.

A special thank you to the students, administrators, academics and staff members who have consulted in the interest of fair dealings within Fanshawe College.

Thank you also to Darby Deline, Creative Director in the FSU Publications Office for her contributions to the design of this report.

THE OFFICE OF THE OMBUDS
STUDENT SCENARIOS AND APPROACH TO RESOLUTION, FAIR OUTCOMES

The Office of the Ombuds seeks to engage students and members of the College in the resolution of disputes with the aim to achieve fairness for all parties involved. The Ombuds promotes student self-efficacy, resilience and complex problem solving, while collaborating with Academic Schools and Student Service departments to encourage informal resolutions and alternative remedies, negating the need for a formal Appeal.

The Office may intervene where misunderstandings, “procedural error” or “grounds of compassion”, health, family crisis or other unfortunate life events, impact the students’ ability to perform, often resulting in interpersonal conflict. Fundamental to the Office is the goal to achieve fair process and the promotion of student success, while seeking to uphold the academic integrity of the curriculum offered at Fanshawe College.

This was another year of challenges, opportunities and successful outcomes for students and the College community. In 2018-2019, over 460 students contacted the Ombuds Office to discuss concerns or issues of fairness, to seek confidential guidance and support with interpretation of College policies, procedures and practices. Students primarily presented issues relating to
their academic programs, such as, concerns related to admissions, academic accommodations, fairness in evaluation methodologies or group work, academic integrity offences and options for Appeals. International students comprising 65% of Office visitors also presented concerns relating to academic program status and progression, fees, health insurance coverage, concerns relating to part-time status and academic integrity issues.

In some cases, the stakes were high with financial consequences and emotional impact, involving complicating factors, several departments and academic areas where they attempted to address their concern or issue without resolve. Sometimes the situation had escalated due to breakdown in communication or escalation in behaviors that perpetuated the conflict.

Other student situations related to conflict in interpersonal relationships with classmates, professors or service providers, inappropriate or harassing behaviors and interactions with the community at large. In many of these cases, information and education was shared regarding the “Respectful College” Policy, the College/Student “Statement of Rights & Responsibilities” and the Code of Conduct policy. The collaborative response involved guidance on possible informal resolutions, facilitated mediation, referral to campus services and community resources for additional support.

The Office also received referrals from Academic Schools and student services departments, requesting support for students struggling to navigate the College system when they were not sure where to turn for resolution of complex concerns or unique situations. In some cases, groups of students contacted the Ombuds Office together to address their collective concerns. Rather than submit multiple individual Appeals, the Ombuds explored possible options, informal remedies and facilitated mediation together with the Associate Dean, Dean, Academic Manager or Professor to help resolve their situation in a fair and reasonable manner, often resulting in alternative evaluation opportunities to demonstrate their core learning outcomes and academic progression.

Each student situation was approached with empathy, integrity, respect and dignity for the individual(s) facing challenges or conflict by helping to deescalate emotions and distill the issues down to salient, solvable pieces, providing education relating to College policies and practices while applying a solution-focused impartial lens of inquiry.

By encouraging reflection and helping students to see the “bigger picture” and the perspective of other fellow/other students, their professors or the service provider, involved in the dispute, we were able to determine possible remedies that would be fair, respectful, and appropriate given the circumstances. The goal, to empower the students to feel equipped with strategies to have a “healthy, respectful conversation” with the decision-maker to achieve a fair outcome or resolution.

Balancing the scales of compassion and fairness, efforts were dedicated to ultimately provide students and other visitors with feasible options in collaboration with Academic Schools, Student Services, the Fanshawe Student Union and College departments.

For many complex cases, the “good will”, compassion and collaborative problem solving applied by the Senior Academic VP, Senior Administration and members of the Academic Services Leadership Team (ASLT) resulted in innovative College practices, alternate pathways to student achievement, retention and graduation.
INITIATIVES & COLLABORATIVE PARTNERSHIPS
